

Congress Venues

There are two venues for the Congress: The Congress Center and Lugano University.

Congress Center

The main site is the Congress Center Hall which is in the northwest corner of the main Lugano city park very close to the lakeside.

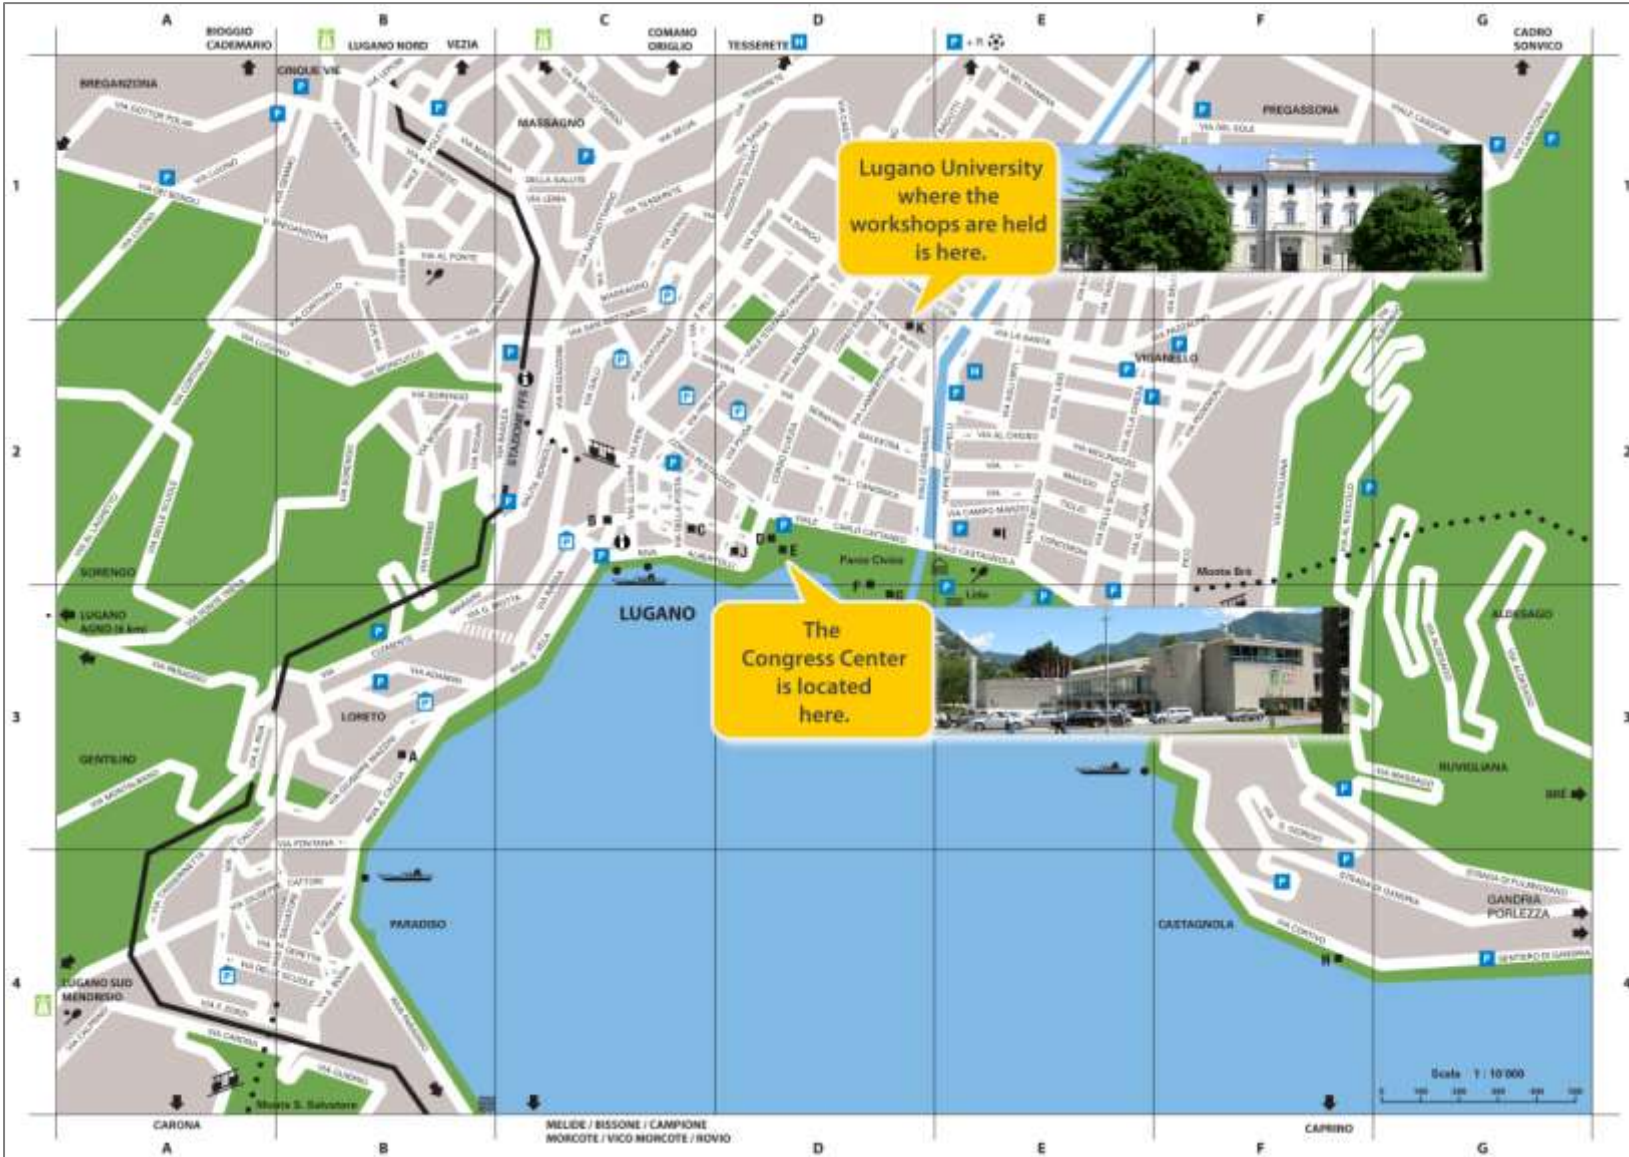

The Congress Center is where we will have our large meetings, lectures, performances, work exchange room, cafe, shop, and office.

Lugano University

Six short blocks north is the University of Lugano, or USI-Universita della Svizzera Italiana. This is where the workshops will be held as there are over 20 modern classrooms for us to use.

Some workshops will be in the white building you see above and most will be in a modern red building called the Plazzo Rosso, just behind it.
